## **Canadian Women's Foundation**

### **(The Facts About Violence Against Women)**

The Canadian Women's Foundation helps women in Canada to move out of violence by funding emergency shelters and programs that help survivors to rebuild their lives. They are working to end the crime of sex trafficking in Canada, by helping women and girls to escape from traffickers and by working with local stakeholders to create action plans. The Foundation also invests in school-based violence-prevention programs.

## **Statistics Canada**

### **(Family Violence in Canada: A statistical profile, 2014)**

*Family Violence in Canada: A Statistical Profile* is an annual report produced by the Canadian Centre for Justice Statistics under the Federal Family Violence Initiative. Since 1998, this annual report has provided the most current data on the nature and extent of family violence in Canada, as well as trends over time, and has been used to monitor changes that inform policy makers and the public.

## **Public Health Agency of Canada**

### **(Family Violence In Canada)**

This report explores why family violence is an important public health issue for Canadians. This report sheds light on a topic that can be hard to talk about. Family violence often remains hidden. Working together, we can unravel why, when, where, how, and to whom family violence happens and improve our efforts to support healthy Canadian families.
